

Dairy Industry

Rural Skills Connect Program

The Rural Skills Connect (RSC) Program will assist dairy industry personnel who need or want to seek new employment or explore new opportunities through training.

This program aims to provide employment and training guidance for dairy farmers, their family members or employees, and affected dairy farm service providers.

What's involved:

- Confidential review of your experience and skills to identify transferable skills relevant to current job vacancies
- Where appropriate, help to have your skills formally recognised to increase job prospects
- Assistance to identify and apply for jobs

How will this benefit your farm business? Rural Skills Connect aims to provide opportunities to:

- Supplement your farm business income with off-farm work
- Support your workers who may have lost hours/shifts or their job
- Increase the accredited skills base across the industry
- Become more resilient against economic or environmental stresses in the future

For further information or a confidential conversation, contact Jo Turner - Program Manager for RSC in the Murray Dairy region on 0472 863 050 or joanne.turner@ecodev.vic.gov.au
